

Welcome to the Woodland Park School District e-Newsletter, which is sent out weekly when school is in session. It serves as a glimpse of some of the wonderful things going on in our schools, as well as a point of reference for upcoming events.

Young Inquisitors

Mrs. D'Amico's and Ms. Gutierrez's first graders at Charles Olbon School have been virtually zipping up their lab coats and putting on safety goggles, watching or preparing experiments.

Students have been studying the steps to the Scientific Method. They are making observations, asking questions, forming a hypothesis, conducting experiments, drawing their own conclusions and recording results.

Favorite experiments so far have been "Sink or Float?," "Marshmallow Extravaganza," and "Color Changing Skittles." We may have some future scientists on our hands!

Scene Setter

Charles Olbon School kindergarten teacher Ms. Odaman created an autumn themed virtual classroom for her students.

Lending A Hand
