## Woodland Park School District The Office of Curriculum and Instruction/Academic Programs

853 McBride Avenue, Woodland Park, New Jersey 07424

Mrs. Carmela Triglia ctriglia@wpschools.org Phone: (973) 317-7715 Fax: (973) 317-7713

October 1, 2020

Dear Woodland Park Families,

As per the New Jersey Department of Education, all school districts are required to notify parents and/or guardians of any State assessment or commercially-developed standardized assessment(s) which are administered throughout the year. It is important to acknowledge that students are assessed throughout the year both formally, including standardized testing, and informally by the teachers. The information gathered on assessments help us to examine professional practice and the needs of our students. We continue to work with this information for professional growth to examine curriculum. As a result, the Woodland Park Public Schools assessment schedule is attached. We have also provided information about each test.

Please note the following information as you review the document.

- The name of each assessment
- The subject area of the assessment
- The grade levels being assessed by the assessment
- Time allotment for the student to complete the assessment
- Accessibility of accommodation options available to students when necessary (information can be found on links provided)
- Information on sample questions and how to understand student's results
- Whether the assessment is required by state or federal government, or both

Please see your building administrator or contact the Office of Curriculum and Instruction with any questions.

Sincerely,

Carmela Tríglía

Carmela Triglia Director of Curriculum and Instruction

\* Testing mode refers to how the student will be administered the assessment. The two types of mode are computer and paper and pencil; some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your son/daughter has a medical issue that would not allow him/her to take the assessment on the computer.

\*\* 'Testing time' is the maximum amount of time allotted to students to complete the assessment. Most students finish well in advance of the allotted time.

\*\*\* The testing window is period in which districts administer the PARCC assessment; it is not the actual number of days it takes a student to test. School districts can choose which days within the testing windows that it wants to assess students. Please inquire with your district about the exact testing dates of the assessment.

\*\*\*\* This column indicates when the reports will be available to the district. The district will send out reports to parents as soon as possible. Please contact the district for further information.
