## b. Show Storyboard

7) Fine tuning:

- 8) To import pictures, sound or video:
  - Click on Capture Video
  - Then choose your action:
    - Capture video from device
    - o Import video (.avi)
    - Import pictures (.jpg or .gif)
    - Import audio or music (.wav)
    - \*follow the steps as instructed\*

#### 9) Editing your movie:

#### a. Video Effects

These are used on a video clip or picture to change the "effect" of the image

#### b. Video Transitions

These are used to transition between images/videos.

- 10) <u>To Finish the Movie</u>:
  - Click on Finish Movie
  - Save to my computer
  - Name your movie (in 1.)
  - Browse so the movie goes into the correct folder (in 2.)
  - Click "next" (X 2)
  - Now movie can be moved.
