February 1, 2017

Dear Parents/Guardians,

This morning after arrival, I was informed of a possible luring attempt of one of our students. This attempt occurred in the area of Maple Avenue prior to the start of the school day. Upon receipt of this information, I immediately contacted the Woodland Park Police Department who responded immediately. The responding police officer gathered information as noted in the communication which was sent to our families today. A white van stopped at the victim's driveway and a male asked the victim to "Come here, Come here".

In order to ensure the safety and security of our students, please be reassured that our school district and our police department maintain open lines of communication at all times. Members of our school community always report any suspicious activity and we are asking you to do the same. Please ensure that you always remain aware of your surroundings and forward any information directly to the Woodland Park Police Detective Bureau at 973-345-8115 or at detectives@wpnj.us.

As always, we thank you for your support as we work together to protect and care for our children.

Your Partner in Education,

Michele R. Pillari
